Taking steps to contribute to the environment.

Colgate-Palmolive is pleased to present its line of cleaning products that have been granted the EPA ‘Design for the Environment’ (DfE) seal. This seal is given to products that offer more positive environmental characteristics than conventional cleaning formulations.* Look for the DfE logo throughout the catalog for products included in the program.

More are on the way. It’s another way that Colgate-Palmolive helps you manage the risk by providing exceptional cleaning products that have been granted the DfE seal by the EPA.

Colgate Receives Recognition from the U.S. Environmental Protection Agency

Colgate has been recognized by the U.S. Environmental Protection Agency (EPA) through their Design for the Environment Safer Detergent Stewardship Initiative (SDSI) program for our use of safer surfactants in personal care and home care products. Through the SDSI, the EPA’s Design for the Environment Program recognizes environmental leaders who voluntarily commit to the use of safer surfactants in detergents. Safer surfactants are surfactants that break down quickly to non-polluting compounds and help protect aquatic life in both fresh and salt water. Colgate is being recognized as a Champion, the highest level of recognition offered under SDSI.

Colgate provides free equipment...

(dispensing equipment, bottles, racks), free installation and free scheduled maintenance by trained professionals with a minimum of five store locations with a multi-year agreement*. Our installers make sure the unit is up and running the right way, the first time. No rental fees – no problem. Efficient equipment makes employees more at ease and content with their jobs. It makes them more efficient and the operation more efficient. The end result is your customer, your guest, has the satisfaction of consistently clean dishes, restrooms, dining room and kitchen.

Because product performance and safety are among your major concerns, we offer a broad range of systems to ensure concise, consistent dilution each and every time. With Colgate-Palmolive, you cut cost and promote a safer environment in your establishment.

What else should you expect from a supplier who's dedicated to be the best in food service sanitation? Value-added services that further embrace your concern for managing risk, like our effective training in proper cleaning and food safety procedures. Whether it be step-by-step video/DVD cleaning procedures, food handling techniques or customized instruction manuals and handy easy-to-follow wall charts... we understand your concern that the proper products are used and used cost-effectively.
